DETAILED ACTION

DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 3-6 and 15 are rejected under 35 U.S.C. 102(b) as being anticipated by DE 4105742.

The reference discloses a 2,6-difluorotolan represented by formula I, which is useful as component of liquid crystal mixture. See abstract and compounds on page 17, lines 7-23. The reference also teaches that the group R_n can also be an alkenyl group. The chemical formulae are illustrated by CAPLUS, which X is a trifluormethoxy with Z₁=Z₂=F and R_n= alkyl or alkoxy. Therefore, the reference anticipates the claimed compounds.

Allowable Subject Matter

3. Claim 7 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
4. Claims 8-14 and 16-24 are allowed.

Response to Arguments

5. Applicant's arguments filed 11/10/23 have been fully considered but they are not persuasive. Applicants argued that the reference fails to teach the X position having a polar group OCF₃. Applicant's attention is directed to compounds on page 17, lines 7-23 of the DE reference. Also, see the chemical formulae provided by CAPLUS 1993: 59406, which formulae contain X =trifluormethoxy with Z₁=Z₂=F and Rn= alkyl or alkoxy. The reference clearly anticipates the claimed compounds and mixtures thereof.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
